# HAZARDOUS MATERIALS COURSES

---

---

## **\*\*NEW COURSES\*\***

---

---

### **Self Contained Breathing Apparatus and Respiratory Protection for EMS and Law Enforcement**

This course is intended for responders without previous SCBA training. Topics include:

- Identifying hazardous atmospheres that require the use of respiratory protection.
- Proper selection of respiratory protection.
- Types of respiratory protection.
- Use and maintenance of SCBA.
- OSHA and PEOSH respiratory protection requirements.

**Prerequisite: HAZMAT Awareness**

**NJ State Dept. of Health EMT Elective CEUs Pending**

---

### **Ethanol: Response Considerations**

Upon completion of this course, participants will have knowledge related to ethanol and ethanol-blended fuels including their use, chemical and physical characteristics, transportation, and transfer, bulk storage, and foam fire fighting principles.

This course is a must for fire officers and firefighters. It was developed with the assistance of the International Association of Fire Chiefs.

**Prerequisite: HAZMAT Awareness**

**NJ State Dept. of Health EMT Elective CEUs Pending**

---

### **Biodiesel: Response Considerations**

Upon completion of this course, participants will have knowledge related to biodiesel fuels including their chemical and physical characteristics, production and manufacturing, pre-planning, foam fire fighting principles, and personal protective equipment.

This course is a must for fire officers and firefighters. It was developed with the assistance of the International Association of Fire Chiefs.

**Prerequisite: HAZMAT Awareness**

**NJ State Dept. of Health EMT Elective CEUs Pending**
